SPECIAL CONDITIONS

1. The above rates apply only to lamps that will be turned on and off each night on a regular operating schedule not exceeding 4,100 hours per year for all night service.
2. It is the responsibility of the customer to notify the City of any changes in the number, size, or type of light. The City has the right to verify this information.
3. Capacity of connected load will be determined from the manufacturer's rating.
4. For customers who use service for only part of the year, this schedule applies only to an annual contact.
