SUBJECT: Consideration for Appointment to the Lompoc City Council

I am asking to be considered for appointment to fill the current City Council vacancy.

I have been in public service for most of my adult life working for both local and federal governments. My employment by the local government agency gives me a unique perspective into the operation and management of a city government. This experience has also enabled me to be an independent voice of reason beholden neither to City staff nor to special groups.

I am prepared and ready to service the citizens of the City of Lompoc.

I have exhibited strong leadership skills, leading employee labor and management organizations. I have consistently displayed a desire for doing what is right and am not afraid to tackle the hard issues. I have always had a heart for the people and take the responsibility of governing and representing them well very seriously.

I have been a resident of the Lompoc Valley since 1963, and a City resident since 1986.

(SEE ATTACHED)

Signed: Robert Cuthbert Dated: 12/9/14

December 9, 2014

Honorable Lompoc City Mayor and Council members:

I take great interest in the new City Council and what I see as a good turn of events. Lompoc is at an important point in its growth. Our City has enormous potential to become a stronger community under the leadership of the Mayor, Council, and community members.

I am applying for the vacant seat on Council because I have the experience, insight, and knowledge needed to enhance the decision making process. Please consider my qualifications as you make this critical appointment:

- A solid decade on the Public Safety Commission (2002-2012)
- Graduation from California Polytechnic State University (Social Science B.S., Complex Organizations, Magna Cum Laude, 2001)
- Spanish A.A. from Alan Hancock (1998)
- Twelve Years as a community activist in Lompoc, and a lifetime of public involvement
- Past repeated endorsements by The City Workers and Firefighters (candidate for City Council)

If nothing else, my several runs for Council have given me a keen awareness of the issues important to the community. In the last ten years, my understanding has evolved significantly. I have learned the potential and limits of local government. I know that good government requires that every elected or appointed individual honestly and openly addresses every issue with full knowledge.

I look forward to this important process and what it means to our community.

Should I be selected I fully realize I would not be coming in with a clear mandate. An appointee should seek consensus and cooperation in all cases. Somewhat as an honest attorney, an appointee should seek a comprehensive understanding of a client's perspective, in this case community members, and represent their hopes to the best of his or hers ability. Further, an appointee should be willing to compromise and in no way be an obstacle to the many tasks ahead.

Sincerely,

Robert Cuthbert

I wish to serve on the Council to continue my work, bringing businesses, jobs and expanded recreation to Lompoc. Only through job growth can we bring our 6000 commuters home and create prosperity for Lompoc businesses and tax revenue for the City of Lompoc. This in turn will eliminate the City's structural deficit and provide funds for the Council to enhance City services.

Signed: John H Linn Dated: 12/8/14

Statement of qualifications for John H. Linn:

I have owned a number of small businesses in Lompoc since February of 1982. With my towing company and locksmith service I have become familiar with most of the commercial and industrial buildings in Lompoc which allows me to easily help prospective new businesses. My list of contacts in Lompoc, that I have worked with for decades allows me to contact them for help on almost any subject.

As a volunteer I was Co-Chairman of the Airport Days Trade Fair, Chamber of Commerce Business Committee Chairman and Chamber President in 1988. I have served as Scoutmaster of Boy Scout Troop 103 since 1989. I have helped personally or supplied my company staff and trucks to hundreds of events from 1982 to 2013. I Chaired the Chamber Sign Ordinance Task Force. Joe Lazaer and I envisioned and Co-Founded the Lompoc Valley Parks Recreation and Pool Foundation in 2008. I served as Foundation Chairman from 2008 to 2011 with Joe as Vice Chair. We helped the various committees including the Dog Park Committee which completed the Dog Park in 2009.

From April of 2008 through November of 2010 I attended all but two council meetings, read all the staff reports and testified on many Council items encompassing 3000 hours.

Of the many accomplishments during my two terms as mayor some stand out including the 2008 recommendations by Bob and I for a new Community Center location, Council Goal Setting Workshops, Economic Development Director/ Assistant City Administrator position, 11 day council advanced agenda, graffiti abatement program, proactive nuisance code enforcement program, guiding Broadspec as our building department, updating the council handbook, not increase electric rates, gopher eradication program in parks, ending the possible merger of the Lompoc Fire Department with the County and supporting the Chief in the comprehensive review and implementation of the new Fire Master Plan, return management of the Clean Air Express bus system to the City, Compressed Natural Gas CNG fueling station now being constructed by LUSD, sale of safe and sane fireworks, highway 246 pedestrian bicycle bridge study, two balanced budgets, \$980,000 state grant for Motor Sports park construction, numerous efforts to move the Lompoc Theater project forward, amendment of new water rates so low users paid their fair share and saw less than \$1.00 increase, cottage food operator home use permits, establishment of the Lompoc Tourism Improvement District, ordinance banning the sale of spice a hallucinogen, ordinance banning aggressive panhandling, revised equitable landfill rates and revenue control system, identifying city lands for which rent was not being collected and now is, initiating the home buyer down payment assistance program, down town transit center that does not reduce parking and helping hundreds of city residents with city issues with over 12,000 hours of time spent as Mayor.

The completion of the General Plan Update begun in 1997 and reversing many decisions made then that have returned the property rights to more than 500 parcels is a great step. The Mixed Use and Business Park need to be addressed as well as the Zoning ordinance that will complete the update and further facilitate business growth.

On the Economic Development side my approach to embrace every prospective business and facilitate them through the City process has filled most vacant retail stores and all vacant industrial spaces. This list of successes began with the Santa Rita Hills Wine Center [Grefco] and continued to the submission last week of the Hilton Garden Inn. As a result shopping choices have been expanded and over 1200 jobs created. This has resulted in 14 consecutive quarters of sales and sales tax increases to fund city services. Help wanted signs are now appearing in Lompoc businesses windows.

Many new businesses are in process now including two new hotels and several retail stores and restaurants that I have spent months to years working with.

Honorable Council:

My name is James I. Mosby. I was born in Lompoc on June 12, 1964. I attended the local schools and graduated from Lompoc High School in 1982. I then furthered my education at the University of California at Davis, obtaining a Bachelor of Science in Biological Sciences. I then returned to Lompoc and developed a research facility where I began raising fish and various horticultural crops. At the peak of my production I grew and harvested on over 200 acres of cut flowers throughout the Lompoc Valley. In the early 2000's, my wife and I were able to move out of flower production and focus more on our other investments. I currently own and operate an aquaculture facility and manage my properties in Lompoc and Northern California.

I have owned and operated a living facility occupied by a non profit since 1985. In 2010 I was privileged to be able to use my management skills that I had developed over the previous 25 years, and was asked to Chair the Lompoc Valley Parks Recreation and Pool Foundation Inc. In my four years as the chair, I have been able to work with 9 different committees under the Foundation. Those being: The Pocket Park Committee, Lompoc Valley Motor Sports Committee, Lompoc Valley Remote Control Park Committee, Lompoc Barkin Park, Lompoc Bike Skills Committee, Lompoc Disc Golf Committee, Lompoc Valley Tennis Committee, Roy's Boxing Committee, and The Lompoc Valley Fallen Warriors Committee. I worked diligently with some of the greatest volunteers in the Lompoc Valley. We developed Five MOUs with City of Lompoc, one temporary right of entry agreement with the City and currently have four accepted plans for development. We are soon to finish one of the foundations biggest developments in the next month or two.

Two years ago I was appointed to a City of Lompoc Utility Commission Position where I worked on accountability and efficiencies. I was instrumental on the city moving forward with the bench mark survey, semi annual reporting on the state of the enterprise accounts and the recognition of the bond covenants for waste water and fresh water. In my two years as a commissioner I never missed a meeting. I believe that I developed an understanding and appreciation of the complexities of the City of Lompoc Enterprise Facilities. I was also instrumental in moving the monthly meetings from the utility conference room to the main council chambers. I am currently waiting for a report on the pay scale of our City workers vs those in the surrounding areas.

In the Fall of 2012 I was appointed by County Supervisor Peter Adams to be his County Parks Commissioner. I have worked with the Parks staff to recognize and help improve the County Parks in the Forth District. Since my appointment, Miguelito Park has had a \$200,000 + ADA improvement on the main bathroom, Bodger Point is receiving a \$110,000 CBDG grant for a "face lift", and Ocean Park is currently receiving a \$175,000 park improvement. I was also instrumental to relocating two of the monthly meetings to Lompoc. I also have a perfect attendance record at all of the Parks Commission meetings. I am currently waiting for a report on the "harmony" with which money is distributed with relation to County population.

I have worked with many businesses in the Lompoc Valley and have aided them in their locating and establishing in our area. Some of these include CHCC, Divine Wine, Herb Hut, Redneck BBQ, Ikes BBQ, Texas Cattle Co., Carniceria Jalisco, Samantha's Philipino Diner, Baby's Nutrition, Marketable You, KTNK Radio and many more.

Please provide a brief statement as to why you wish to serve as a City Council Member:

Serving on the Economic Development Committee for the past three years is an investment in Lompoc that I am passionate about. As a City Council Member, my goals include supporting Lompoc's "business friendly" reputation through smart and focused economic growth; investing in technology improvements for a more effective and transparent city hall; empowering those addressing Veterans' needs, homelessness, poverty, and literacy; assuring that Council, Staff and Committees prioritize tackling our high unemployment; and providing a new avid voice for our community. The Council has recently embraced positive changes for our community, and by my appointment, will continue this momentum.

FOR MEMBER OF LOMPOC CITY COUNCIL

ANN RUHGE

OCCUPATION: RETIRED TEACHER

I have lived in Lompoc for 20 years and have served the city's government in many capacities.

I served on Lompoc's Planning Commission for 6 years and the City Council for 4. I served as Interim Mayor for 3 months during a difficult time in our history. I am also a Past President of the Chamber of Commerce and past Board Member. I currently serve on the Board of Directors of Good Samaritan Services which assists our homeless population in many ways. I am also President of the Lompoc Library System's Board of Trustees and am an avid supporter of our Library.

I ran for City Council because I like some of the positive changes that have been made, but more open and unbiased discussions needs to occur between the public & councilmembers.

I have no hidden agendas and am answerable only to the people of Lompoc.

Of those who are applying I am the most experienced and knowledgeable person to apply for the open seat.

2,075 voters in Lompoc wanted me to serve on this council and they should not be disregarded or disenfranchised. During the past few weeks, I have been approached by many of them who still want to see me serve the city in this capacity.

I plan to complete the Zoning Ordinance, support our Public Safety Departments, enhance the Economic Development efforts, support planned growth, stay fiscally responsible and to listen carefully to the people of Lompoc and act to make Lompoc a better place in which to live and do business.
