17.112.010 Scope of Regulations—Applicability.

- A. Purpose. The requirements of this Chapter are intended to ensure that sufficient off-street parking is provided for all uses and structures, and that parking facilities are properly designed, attractive, and located to be unobtrusive.
- B. Applicability. The provisions of this Chapter shall apply within all zoning districts and all uses and structures within the City.
- C. Timing of Installation. A new or altered structure shall not be occupied, and a new land use not requiring a structure shall not be established, until all off-street parking and loading spaces required by this Chapter have been reviewed and accepted by the City. When a structure is enlarged, or when a change in its use requires more off-street parking than the previous use, additional parking spaces shall be provided in compliance with this Chapter except as noted in Section 17.116.030(C) Modifying Nonconforming Structures and Developed Properties and Section 17.144.020 Interpretation by Economic Development Director / Assistant City Administrator (EDD/ACA).
- D. Recalculation of Parking Requirement Upon Change of Use. Upon the change of any use, the number of parking spaces to be provided shall be calculated according to the requirements of this Chapter for the new use. When a structure is enlarged, or when a change in its use requires more off-street parking than the previous use, additional parking spaces shall be

provided in compliance with this Chapter except as noted in Section 17.116.030(C) Modifying Nonconforming Structures and Developed Properties and Section 17.144.020 Interpretation by EDD/ACA.

- E. Retention of Required Parking Spaces. No parking area or loading space required by this Chapter shall be eliminated, reduced, or converted in any manner unless other equivalent parking facilities, approved by the City, are provided. Required parking spaces shall not be utilized for storage of goods or vehicles that are inoperable or for sale or rent or any other purpose without prior issuance of a Temporary Use Permit in accordance with Chapter 17.128.

17.112.020 Schedule of Off-Street Parking Requirements.

17.112.040 General Provisions.

- A. The following general provisions shall apply to all off-street parking and loading spaces for all uses and structures within the City.
- B. Uses Not Listed. Where the parking requirement for a use is not specifically defined, the parking requirements shall be determined by the EDD/ACA and such determination shall be based upon the requirement for the most comparable use specified herein.
- C. Fractional Spaces. Where the standards require a fraction of a space, any fraction less than one-half shall be dropped but any fraction of one-half or greater shall require one additional space.
- D. Location of Required Parking. Except as provided in Section 17.112.080, all required off-street parking spaces shall be located upon the same site as the use for which parking is provided.

- E. Tandem parking spaces are allowed subject to approval by the Planning Commission and meeting the following criteria:
1. Tandem parking may only be utilized to satisfy parking on legal non-conforming lots;
 2. Tandem parking is limited to not more than two (2) vehicles in depth, provided that both spaces are for the same occupancy; and
 3. Tandem parking is not allowed to be located in any required setback area.
- A tandem parking space is a parking space so located that it is necessary to move one or more other vehicles in order to allow the vehicle occupying the tandem space to gain access to or from said space.
- F. All access to individual parking spaces on a lot or portion of a lot designated for parking shall be from said lot or portion of a lot or from a public alley or easement.

17.112.050 Design and Construction of Parking and Loading Areas.

- A. All Parking and loading areas shall be designed and constructed in conformance with City standards.
- B. Except as otherwise provided herein, all parking and loading areas and their driveway approaches shall be constructed with an asphalt or concrete surface, and be graded and paved so that all surface waters will drain into a public street, alley, or storm drain through a storm water filter. Parking and loading areas shall be maintained in a clean and orderly manner and kept in good repair.
- C. All parking stalls, lanes and direction guides shall be marked in conformance with Section 17.112.100 Parking Lot Design Criteria and Requirements.
- D. Any person seeking, or required, to utilize Low Impact Development (LID) practices in the design of their parking and loading areas (including, but not limited to, rain gardens or bio-retention ponds, permeable pavement, underground cisterns or infiltration chambers), shall submit an application for review and approval for the design details for the proposed LID feature(s).
- E. Any person seeking to establish a temporary parking area on a vacant parcel of land that has no development approval, shall submit a site plan to the EDD/ACA.
1. The site plan shall provide screening of the lot from public view, details of lot drainage, and proposed surface treatment, subject to the approval of the City Engineer, to assure the lot will drain properly and be dust free (i.e., dust inhibitor, gravel, etc.).
 2. Temporary parking areas shall not be used to satisfy any requirement for parking, made whether as a condition of a development's approval, or found in the City's Municipal Code.
 3. The EDD/ACA may establish conditions to implement the requirements of the Zoning Ordinance and achieve proper screening, drainage, minimum surfacing, a clean and orderly appearance, including being kept free of weeds and debris, and may limit the temporary parking use to a stated period of time.
 4. Decisions of the EDD/ACA may be appealed in accordance with Section 17.006.020.

17.112.060 Parking in Front Yard Setback Prohibited.

- A. No person shall park, or allow to be parked or left unattended, any vehicle, as defined by the California Vehicle Code in the front yard setback of a residential property, except on a driveway, or upon a paved area. Vehicles shall not be parked upon or over any parkway, or private or public sidewalk.

- B. Chapter 17.116 of the Zoning Ordinance, relating to nonconforming uses and structures, is inapplicable in this Section.

17.112.070 Screening, Landscaping and Lighting.

- A. All open parking areas shall be landscaped except those areas specifically used for vehicle parking. Landscaping shall include trees, shrubbery, ground cover, and permanent irrigation. Landscaping plans for commercial parking areas shall be approved by the City staff.
- B. Screening shall be provided along each property line consisting of a minimum five-foot wide strip behind the sidewalk, planted with sufficient shrubbery to effectively screen the parking area, or a solid fence or wall not less than four feet in height, except where a reciprocal parking agreement is in effect.
- C. Planting islands for trees and shrubs shall be protected from automobile traffic by concrete curbs.
- D. All lighting used to illuminate off-street parking areas shall be approved by City staff for conformance with City standards and said lighting shall be directed away from residential properties and public streets in such a manner as not to create a public or private nuisance.

17.112.080 Mixed Occupancies and Shared Parking.

- A. In the case of mixed uses for one building, structure or zoning lot, the total requirements for off-street parking facilities shall be the sum of the requirements for the various uses computed separately. Off-street parking for one use shall not be considered as providing required parking facilities for any other use except as hereinafter provided.
- B. The consolidation of the required parking area shall be located within the same block or within 300 feet of the use(s), in which case the number of parking spaces required shall be the sum total of the individual requirements.
- C. The location of shared parking areas shall be identified by an appropriate sign located both at the parking generator and at the parking facility.
