CITY OF LOMPOC

Public Works Memorandum

To: Laurel M. Barcelona, City Administrator
CC:
Date: July 7, 2011
Subject: Monthly Project Status Report
City Project No. FY-10-S-1 – Installation of Traffic Signal & Upgrade of
Curb Ramps At Intersection of HWY246 (Ocean Avenue) and "R" Street

Project Status Summary:

City staff has received Authorization to Proceed from Caltrans for the Preliminary Engineering (PE) phase of the project as required by the Federal Grant. Staff advertised a Request for Qualifications and reviewed five (5) statements of qualifications to prepare the project design and bid documents. City staff will meet with the selected top ranked consultant to finalize the scope, schedule, and price and anticipates awarding a contract within 30 days.

Respectfully,

Kevin P. McCune, P.E.
Assistant Public Works Director/City Engineer
