SUBJECT: ARCHITECTURAL STATUS REPORT – LOMPOC VALLEY SENIOR  
AND COMMUNITY CENTER

---

Per your request, I am providing a status report on the current design activity of the Lompoc Valley Senior and Community Center.

Two meetings were conducted on Wednesday, October 8, 2008 with the architect. The first meeting was with City staff (Recreation) and the second with the Ad Hoc Committee. The goal of these meetings was to define the use of space for the new center. The architect provided three conceptual floor plan renderings. At the conclusion of both meeting, the architect had a mutual rendering selected with a list full of comments. The architect will have a revised conceptual plan to be presented at the next meeting set for Wednesday, October 29, 2008. That meeting will be held at 6:00 p.m. at the Lompoc Valley Community Center. News Releases announcing the meeting have been released to the various media sources to encourage the public to attend.

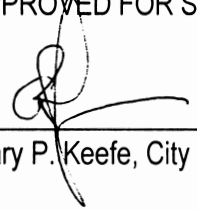

Respectfully submitted,

Parks, Recreation & Urban Forestry Department
