SUBJECT: **AUTHORIZE THE PUBLIC WORKS DIRECTOR TO EXECUTE AND
MANAGE TARGETED RUBBERIZED ASPHALT CONCRETE
INCENTIVE GRANT PROGRAM FUNDS**

RECOMMENDATION:

That the City Council adopt Resolution No. 5305(06) authorizing the Public Works Director to execute all necessary applications, application amendments, and related documents, and authorizing the City Administrator to execute all contracts, agreements, amendments, payment requests, and related documents, for the purposes of securing grant funds and implementing the goals of the Targeted Rubberized Asphalt Concrete Incentive Grant Program, administered by the California Integrated Waste Management Board (CIWMB).

DISCUSSION:

The California Integrated Waste Management Board (CIWMB) receives an annual appropriation from the California Tire Recycling Management Fund (Tire Fund) to administer the Tire Recycling Act (Act) (Senate Bill 937, Vuich, Statutes of 1990, Chapter 35) and related legislation. As part of the Act, CIWMB is offering the Targeted RAC Incentive Grant Program to encourage the use of waste tire rubber and thereby reduce the landfill disposal and stockpiling of California waste tires.

Public Resources Code (PRC) Section 42872.5 allows for the awarding of grants to public entities for funding of public works projects that use Rubberized Asphalt Concrete (RAC).

CIWMB will award the grants on a competitive basis. The purpose of this competitive grant program is to fulfill the legislative mandates by assisting in the development of markets for products manufactured from California waste tires and supporting the diversion of waste tires from landfills and stockpiles.

SB 876 authorizes CIWMB to allocate monies from the Tire Fund in a manner consistent with a Five-Year Plan for the Waste Tire Management Program (Five-Year Plan) that is developed and approved by CIWMB and submitted to the Legislature. In the CIWMB approved Five-Year Plan, the proposed funding allocation for the Targeted RAC Incentive
