Press Room

First Lompoc Cannabis Business Certificate Of Occupancy Issued

Post Date: 01/11/2019 5:15 PM

A total of 10 applications have been approved by the city clerk's office

LOMPOC, CA, Jan. 11, 2019 – The City of Lompoc today issued its first certificate of occupancy for a commercial cannabis business.

The certificate of occupancy permits the licensee, David MacFarlane, to open his cannabis dispensary at 423 West Ocean Ave. as soon as he chooses.

As of Friday afternoon, Jan. 11, 2019, 10 commercial cannabis use license applications have been approved by the Lompoc City Clerk's Office with an additional 16 pending. There is currently no estimate as to when the next certificate of occupancy will be issued for a cannabis business. This certificate is required for a business to operate in the City of Lompoc.

Commercial cannabis use license applications have been available to the public since March 1, 2018.

The city's cannabis webpage at <https://www.cityoflompoc.com/government/departments/city-clerk/commercial-cannabis-business-in-lompoc/-fsiteid-1> features information including application fees and requirements, state cannabis regulations, as well as copies of local cannabis use ordinances and regulations. Contact information for questions regarding business tax licenses, zoning and land use questions, and general inquiries about cannabis businesses in Lompoc can also be found at this webpage.
