---

Please include this as public comment and a written communication concerning Item #6 of the April 7<sup>th</sup> agenda.

The proclamation you are considering appears to limit the funds to be requested to an as yet undefined "eligible emergency protective measures taken to respond to the COVID-19 emergency". If that is only those direct actions (police/fire response to suspected cases of COVID-19) then it's probably an insignificant sum.

I support this action, however the question is "what are eligible expenses" and how will it help relieve the impact of lost revenue from sales and TOT taxes?
