Subject: Comments for City Council of Lompoc
Date: Tuesday, December 15, 2020 3:45:53 PM

Hello, I am a resident of Lompoc and would like to communicate a couple of issues that need to be addressed. Firstly, I would like to reiterate a noise complaint once again regarding an ongoing and nightly "chronic-noise-hum-vibration" that should be addressed by the City of Lompoc. I have communicated this to the City in writing in March of this year, as well as again via phone, and email. It is detected from my residence and I have concern that it could be detected by other city residents as well.

Secondly, I would like to communicate that at this point in time, 9 months after initial State declarations for shut-downs of Schools, small businesses, etc etc, that it is time our City Officials stand up to the unlawful and unconstitutional edicts from the Governor and upper departments. Many local businesses have already had to close their retail locations and the few that are surviving deserve the immediate support from Local City representatives.

Thank You!
Marcia Wertz
