

RESOLUTION NO. 6377(21)

A Resolution of the City Council of the City of Lompoc, County of Santa Barbara, State of California, Adopting the Revised Renewable Energy Resources Procurement Plan and Revised Renewable Portfolio Standard Enforcement Program

WHEREAS, Pursuant to Public Utilities Code, Sections 399.11 – 399.33, the City of Lompoc Electric Division (Lompoc Electric) must adopt and implement a renewable energy resources procurement plan and a program for the enforcement of the Renewable Portfolio Standard Program (RPS) procurement plan and update those documents as appropriate; and

WHEREAS, On October 7, 2015, Senate Bill (SB) 350 was signed into law, which mandated a 33% RPS target by 2020 and 50% target by 2030; on September 10, 2018, SB 100 was signed into law, which accelerates the RPS target to 50% by 2026 and 60% by 2030; and

WHEREAS, On October 12, 2019, SB 155 was signed into law requiring that by January 1, 2021, load-serving entities comply with an existing requirement that at least 65% of the procurement that a retail seller counts toward the RPS requirement of each compliance period be from contracts of 10 years or more in duration or from its ownership or ownership agreements from eligible renewable energy resources; and

WHEREAS, the Revised Renewable Energy Resources Procurement Plan, (Plan) replaces the prior revised Renewable Energy Resources Procurement Plan approved by the City Council on October 15, 2013 (Resolution No. 5877(13)), and reflects changes as a result of the most currently revised regulations; and

WHEREAS, the Revised Renewable Portfolio Standard Enforcement Program, (Program) replaces the prior Renewable Portfolio Standard Enforcement Program approved by the City Council on December 6, 2011 (Resolution No. 5755(11)), and reflects changes as a result of the most currently revised regulations; and

WHEREAS, the Plan outlines a strategy for fulfilling unmet long-term generation resource needs that requires Lompoc Electric to procure a minimum quantity of electricity products from eligible renewable energy resources, including renewable energy credits, as a specified percentage of the total kilowatt-hours sold to Lompoc Electric's retail customers each compliance period to achieve specified procurement targets as required by current regulations; and

WHEREAS, the Program provides the enforcement of the Plan; and

WHEREAS, Lompoc Electric shall apply the Plan and the Program, as approved by the City Council, to assure that the City's retail electric customers are provided at least a minimum quantity of electricity products from eligible renewable energy resources and products consistent with the targets set forth in this Program; and

WHEREAS, Lompoc Electric staff will continue to evaluate the feasibility of additional renewable energy resources and opportunities to meet existing and future RPS requirements.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LOMPOC, CALIFORNIA, DOES HEREBY RESOLVE AS FOLLOWS:

SECTION 1. The City Council hereby adopts the Revised Renewable Energy Resources Procurement Plan attached hereto as Exhibit A and Revised Renewable Energy Resources Enforcement Program attached hereto as Exhibit B.

SECTION 2. The Revised Renewable Energy Resources Procurement Plan replaces the prior revised Renewable Energy Resources Procurement Plan approved by the City Council on October 15, 2013 (Resolution No. 5877(13)).

SECTION 3. The Revised Renewable Portfolio Standard Enforcement Program replaces the prior Renewable Portfolio Standard Enforcement Program approved by the City Council on December 6, 2011 (Resolution No. 5755(11)).

SECTION 4. Effective Date. This Resolution is effective on the day of its adoption.
