Subject: Public comment for Item #6 concerning Commercial Cannabis Taxes
Date: Saturday, May 29, 2021 8:25:42 AM

Public Comment and Written Communication for Item #6 concerning Commercial Cannabis Taxes on the June 1st City Council agenda.

I fully support submitting a tiered manufacturing and distribution tax structure measure to voters for use to support the General Fund services; which of the two proposals you select is a decision the Council must make. If this measure were to pass the consumers of cannabis products in every county and state that is supplied by our local manufacturers would be contributing to the City of Lompoc.

The voters of the City of Lompoc are the decision makers in this process; all you are being asked to do is send the measure to voters. We can make this decision.

Ron Fink
Lompoc
