I'm writing to you on behalf of myself C-4 Organization and the CaHoots Project.

I ask that the City Council vote and give consent to place the Cannabis Manufacturer's taxation on the next upcoming election. I feel that the taxation should be fair and just. Lompoc could use the additional funding for our City's needs and provide additional funding for the areas in which it's very much needed. Ex. Law enforcement, Public Safety, Family Activities (bowling or skating rink), CaHoots Lompoc Project. Thank you Yasmin Dawson
