RE: Agenda Item No. 1
Supplemental Information (Deletion of COA P32)

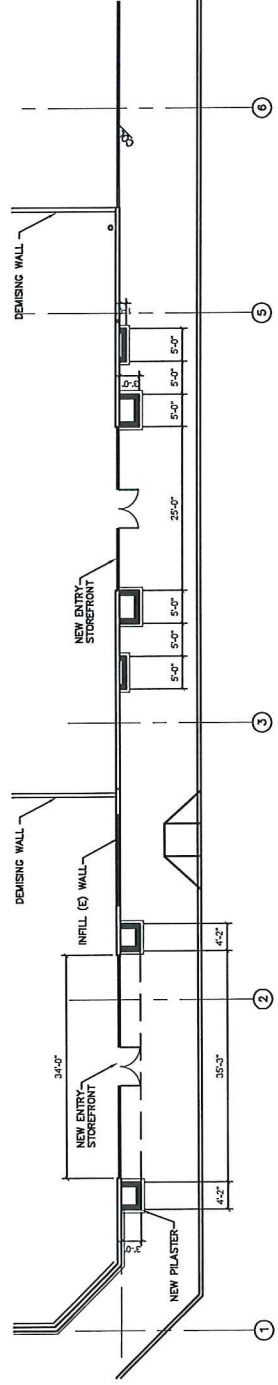

DR 21-03 – Architectural Design and Site Development Review
for Aldi's and Boot Barn

Revised Elevations (attached) were received from the project Architect on June 2, 2021 which were discussed and reviewed by staff.

The attached revised elevations show architectural detailing (an arch on the tenant space located north of Boot Barn) as recommended by staff. Therefore, staff recommends that the Planning Commission delete Condition of Approval P32 and incorporate the revised attached elevation sheets (replacing the relevant elevation sheets in the staff report) as part of their approval consideration which address recommended changes as described in this condition.
