Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

Each year the City of Lompoc is eligible to receive grant funds from the U.S. Department of Housing and Urban Development (HUD) to help address housing and community development needs within the City. The City received Community Development Block Grant (CDBG) funds directly from HUD.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

A summary of the objectives and outcomes identified in the City's 2022 Action Plan are shown in Table AP-20 Annual Goals and Objectives.

The 2022 Action Plan is the third of five program years covered by the City's 2020-2024 Consolidated Plan. The City's goals for the five year planning period focus on revitalizing existing neighborhoods in low- and moderate-income areas by increasing services, residential rehabilitation, upgrading public facilities (such as parks and recreation facilities), assisting homeless and those at risk of homelessness, assisting non-homeless special needs populations, providing services that prevent discrimination and eliminate barriers to housing, and to prevent, prepare for and respond to the coronavirus.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City prepares the Consolidated Annual Performance and Evaluation Report (CAPER) annually, which captures progress toward meeting needs and achieving strategies established in the Consolidated Plan and Annual Action Plan. A more detailed evaluation of past performance is documented in the City's 2020-21 and 2021-22 CAPER.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The City of Lompoc has developed and implemented a Citizen Participation Plan as required by HUD. The Citizen Participation Plan sets forth the City's policies and procedures for citizen participation in the development of the Consolidated Plan documents and any subsequent amendments. The Citizen Participation Plan provides an opportunity for nonprofit service agencies and the community to work in partnership with the City to identify needs and allocate funding for affordable housing, community development and public/human services. While this plan encourages the participation of all citizens, special assurances were made to ensure the participation of extremely-low-, low-, and moderate-income persons; persons living in areas where funds are proposed to be used; residents of assisted housing; minorities; non-English speaking persons; and persons with physical disabilities.

A public hearing is scheduled for May 3, 2022 at Lompoc City Hall. A legal ad noticing this public hearing was published in English and Spanish in the Lompoc Record and on the City website. Citizen input from this hearing will be added to this Action Plan.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

The City of Lompoc Community Development Division is the lead agency for overseeing the development of the Consolidated Plan along with the advice of the Lompoc City Council and Lompoc Human Services Commission.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The City of Lompoc requested comments and/or consulted with the following agencies/entities in preparing the Consolidated Plan:

- Affordable Housing: Housing Authority of the County of Santa Barbara, Peoples' Self-Help Housing Corporation, Santa Barbara County Housing & Community Development Department, Housing Trust Fund of Santa Barbara County
- Health Services: Santa Barbara County Public Health Department, Community Health Centers, Lompoc Valley Medical Center, Alliance for Pharmaceutical Access
- Homeless Services: Local homeless services providers, including Good Samaritan Shelter, Home for Good formerly known as Central Coast Collaborative on Homelessness (C3H)
- Special Needs: North County Rape Crisis & Child Protection Center, Domestic Violence Solutions, Santa Barbara County District Attorney's Office Sexual Assault Response Team, Central Coast Literacy Council
- Senior Services: Meals on Wheels, Family Service Agency, Community Partners in Caring, Community Action Commission
- Youth Services: United Boys & Girls Club, Family Service Agency, YMCA, City Recreation Division
- General Services for Low-income Persons: Legal Aid Foundation of Santa Barbara County, Catholic Charities

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The County of Santa Barbara Housing and Community Development Department serves as the collaborative applicant and Homeless Management Information System (HMIS) Lead Agency for the

Santa Maria/Santa Barbara County Continuum of Care. Established in August of 2014, the role of the CoC is to increase countywide participation, service coordination, and programmatic efficiencies in order to support a community-wide commitment to end and prevent homelessness.

The CoC Board maintains oversight over CoC operational and planning responsibilities, including project evaluation, written standards implementation, coordinated assessment system development, HMIS operations, and housing and service system implementation. The CoC established the Review and Rank Committee to conduct the evaluation and scoring of project applications for CoC Program funds and ESG funds made available through the State of California.

The City participates in the Countywide collaborative to end homelessness at various levels. The collaborative commonly known as Home for Good and formerly known as C3H (Central Coast Collaborative on Homelessness) purpose is to harness all resources available to reduce the number of people experiencing homelessness, as well as minimize the impacts of homelessness in Santa Barbara County. The membership of the CoC intersects with Home for Good. City staff participates in the local Community Action Group meetings monthly where local community partners, City Police Department and Fire Department representatives, City elected officials, business members and housing and service providers meet to identify obstacles in housing homeless families and individuals as well as discuss strategies to overcome such obstacles.

The City also participates in the countywide collaborative COVID-19 Homeless/Housing Task Force that the County formed on March 18, 2020 to respond to homelessness and COVID-19. The four Key objectives of this response team is to: 1. Prevent and mitigate COVID-19 impacts for persons who remain unsheltered through support centers and outreach re-establishing access to showers, device charging, food and hygiene supplies; 2. Establish non-congregate sheltering for persons at highest risk of COVID-19 complications; 3. Sustain shelter capacity for persons not experiencing COVID-19 symptoms; and 4. Enhance homelessness prevention and housing activities through increased funding for rental assistance and supportive services.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Lompoc is not a direct recipient of ESG funds. City staff participation on the CoC Review and Rank Committee, ESG Review and Rank Committee, CoC Board and C3H, facilitates the strategic allocation of ESG funds and other local, state, and federal funds. The CoC Board maintains oversight over CoC operation and planning responsibilities, including the development of standards and evaluation of project outcomes as well as the operation of the HMIS.

- low-income residents of targeted revitalization areas;
- minorities;

Introduction

The Department of Housing and Urban Development (HUD) notified CDBG Entitlement Communities of their 2022-23 allocation amount on February 25, 2021. The City of Lompoc CDBG grant amount for 2022-23 is \$564,886. Funding is allocated as follows:

Program Administration	\$ 107,597	(20% cap)

In addition to FY 2021-22 CDBG funds, the City projects the following additional funding:

CDBG Program Income	\$ 553,573	(estimated)

The primary objective of the CDBG Program is the development of viable communities. This is achieved by providing the following, principally

for persons of low- and moderate-income:

- Decent housing

- Expand economic opportunities

Additional funding criteria:

- CDBG funds may not replace any City or State-funded functions;
- Human service donations from Lompoc utility customers are restricted for human service activities and are not used for administrative costs;
- All funds must be used for activities that benefit low-income persons; and
- Expenditures that do not comply with HUD regulations must be paid back from the City's General Fund.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City’s federal fund allocations will complement a number of other resources that impact community development (e.g., Capital Improvement Plan budgets, transportation funding, local, state, private and bank funding). The City seeks to use federal funds to leverage additional resources by encouraging applicants to pursue other funding and in-kind contributions from private and public sources to supplement City funding. The City also makes strategic investments to generate program income from CDBG annual allocations when feasible. Community Development Division staff also provides technical assistance and professional expertise to grantees/sub-recipients to increase capacity and efficiency among institutional delivery partners.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City owns land and buildings that are used for public purposes. Examples include City-administered recreation facilities, which house non-profit administered public services.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

The most prevalent barrier to affordable housing in the City of Lompoc is limited supply of affordable housing and low vacancy rates. Lack of availability of housing in general continues to make obtaining housing for lower-income households more difficult. With the vacancy rates remaining low, it has driven up the rental rates in Lompoc. Rent continues to move further out of reach for lower-income households, resulting in doubling up of families, overcrowding, homelessness and low-income families living in alternative living (sleeping in vehicles).

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

An Analysis of Impediments to Fair Housing Choice completed by the County of Santa Barbara in 2020 contained recommended actions to expand affordable housing in the County. The City will consider the following actions:

- Continue to use federal and other City administered funds to support affordable housing and explore opportunities to increase funding for affordable housing creation.
- Support opportunities to reduce barriers to affordable housing development discussed in the County's Housing Element.
- Encourage the production / preservation of larger units for families.

Proactively monitor the loss of existing affordable housing units.

Discussion

See above.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

This section reports additional efforts the City will undertake during the 2022-23 program year to address the residents' housing and community development needs.

Actions planned to address obstacles to meeting underserved needs

Despite the City's targeted use of federal and local resources to meet the underserved needs of the community, obstacles to meeting the need persist. The goals set forth in this plan position the City to continue its focus on meeting needs in the areas of rental housing, supportive services, accessibility, homelessness assistance, homeownership, community infrastructure, and access to community assets. The City will continue to allocate federal and local resources to meet these needs and work with partners to identify and address underserved needs.

Actions planned to foster and maintain affordable housing

The City is a member of the County HOME Consortium and will utilize local affordable housing trust funds to assist with affordable housing development, tenant based rental assistance and homebuyer assistance programs.

Actions planned to reduce lead-based paint hazards

The City will include lead testing and abatement procedure in all applicable rehabilitation activities and require an analysis of lead based paint if a project involves acquisition of pre-1978 housing. The City also provides educational brochures published by the Environmental Protection Agency to residents, and TBRA Program participants on the health hazard of lead-based paint.

Actions planned to reduce the number of poverty-level families

Proposed projects for the 2022-23 program year intended to help reduce the number of poverty-level families include assistance to shelter operations, supportive housing services, access to nutritional meals, case management, low to no cost child care services, health service programs, youth development programs and free legal aid. Specific projects are listed in AP-35 and AP-20.

Actions planned to develop institutional structure

The City will contribute to capacity building in the institutional structure to encourage coordination among service agencies, participating in cooperative efforts such as the CoC and Home for Good, and by

providing technical assistance and guidance to grantees.

Actions planned to enhance coordination between public and private housing and social service agencies

The City will promote and emphasize the need for coordination and collaboration between all agencies active in the City's programs, to minimize the duplication of efforts. The City will continue to participate in cooperative efforts such as the CoC and Home for Good. Efforts to enhance coordination between public and private sector will ensure that needs are being properly addressed and that resources are being maximized.
