

Military Equipment

709.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the approval, acquisition, and reporting requirements of military equipment (Government Code § 7070; Government Code § 7071; Government Code § 7072).

709.1.1 DEFINITIONS

Definitions related to this policy include (Government Code § 7070):

Governing body – The elected or appointed body that oversees the Department.

Military equipment – Includes but is not limited to the following:

- Unmanned, remotely piloted, powered aerial or ground vehicles.
- Mine-resistant ambush-protected (MRAP) vehicles or armored personnel carriers.
- High mobility multipurpose wheeled vehicles (HMMWV), two-and-one-half-ton trucks, five-ton trucks, or wheeled vehicles that have a breaching or entry apparatus attached.
- Tracked armored vehicles that provide ballistic protection to their occupants.
- Command and control vehicles that are either built or modified to facilitate the operational control and direction of public safety units.
- Weaponized aircraft, vessels, or vehicles of any kind.
- Battering rams, slugs, and breaching apparatuses that are explosive in nature. This does not include a handheld, one-person ram.
- Firearms and ammunition of .50 caliber or greater, excluding standard-issue shotguns and standard-issue shotgun ammunition.
- Specialized firearms and ammunition of less than .50 caliber, including firearms and accessories identified as assault weapons in Penal Code § 30510 and Penal Code § 30515, with the exception of standard-issue firearms.
- Any firearm or firearm accessory that is designed to launch explosive projectiles.
- Noise-flash diversionary devices and explosive breaching tools.
- Munitions containing tear gas or OC, excluding standard, service-issued handheld pepper spray.
- TASER® Shockwave, microwave weapons, water cannons, and long-range acoustic devices (LRADs).
- Kinetic energy weapons and munitions.
- Any other equipment as determined by a governing body or a state agency to require additional oversight.

Lompoc Police Department

Policy Manual

Military Equipment

709.2 POLICY

It is the policy of the Lompoc Police Department that members of this department comply with the provisions of Government Code § 7071 with respect to military equipment.

709.3 MILITARY EQUIPMENT COORDINATOR

The Chief of Police should designate a member of this department to act as the military equipment coordinator. The responsibilities of the military equipment coordinator include but are not limited to:

I. The Department Senior Range master is the Department Military Equipment Coordinator.

- (a) Acting as liaison to the governing body for matters related to the requirements of this policy.
- (b) Identifying department equipment that qualifies as military equipment in the current possession of the Department, or the equipment the Department intends to acquire that requires approval by the governing body.
- (c) Conducting an inventory of all military equipment at least annually.
- (d) Collaborating with any allied agency that may use military equipment within the jurisdiction of Lompoc Police Department (Government Code § 7071).
- (e) Preparing for, scheduling, and coordinating the annual community engagement meeting to include:
 1. Publicizing the details of the meeting.
 2. Preparing for public questions regarding the department's funding, acquisition, and use of equipment.
- (f) Preparing the annual military equipment report for submission to the Chief of Police and ensuring that the report is made available on the department website (Government Code § 7072).
- (g) Establishing the procedure for a person to register a complaint or concern, or how that person may submit a question about the use of a type of military equipment, and how the Department will respond in a timely manner.

709.4 MILITARY EQUIPMENT INVENTORY

The following constitutes a list of qualifying equipment for the Department:

[See attachment: LPD Master - Military Equip List.pdf](#)

709.5 APPROVAL

The Chief of Police or the authorized designee shall obtain approval from the governing body by way of an ordinance adopting the military equipment policy. As part of the approval process, the Chief of Police or the authorized designee shall ensure the proposed military equipment policy is submitted to the governing body and is available on the department website at least 30 days prior to any public hearing concerning the military equipment at issue (Government Code § 7071). The

Lompoc Police Department

Policy Manual

Military Equipment

military equipment policy must be approved by the governing body prior to engaging in any of the following (Government Code § 7071):

- (a) Requesting military equipment made available pursuant to 10 USC § 2576a.
- (b) Seeking funds for military equipment, including but not limited to applying for a grant, soliciting or accepting private, local, state, or federal funds, in-kind donations, or other donations or transfers.
- (c) Acquiring military equipment either permanently or temporarily, including by borrowing or leasing.
- (d) Collaborating with another law enforcement agency in the deployment or other use of military equipment within the jurisdiction of this department.
- (e) Using any new or existing military equipment for a purpose, in a manner, or by a person not previously approved by the governing body.
- (f) Soliciting or responding to a proposal for, or entering into an agreement with, any other person or entity to seek funds for, apply to receive, acquire, use, or collaborate in the use of military equipment.
- (g) Acquiring military equipment through any means not provided above.

709.6 COORDINATION WITH OTHER JURISDICTIONS

Military equipment should not be used by any other law enforcement agency or member in this jurisdiction unless the military equipment is approved for use by the governing agency for the outside Law Enforcement Agency.

709.7 ANNUAL REPORT

Upon approval of a military equipment policy, the Chief of Police or the authorized designee should submit a military equipment report to the governing body for each type of military equipment approved within one year of approval, and annually thereafter for as long as the military equipment is available for use (Government Code § 7072).

The Chief of Police or the authorized designee should also make each annual military equipment report publicly available on the department website for as long as the military equipment is available for use. The report shall include all information required by Government Code § 7072 for the preceding calendar year for each type of military equipment in department inventory.

709.8 COMMUNITY ENGAGEMENT

Within 30 days of submitting and publicly releasing the annual report, the Department shall hold at least one well-publicized and conveniently located community engagement meeting, at which the Department should discuss the report and respond to public questions regarding the funding, acquisition, or use of military equipment.

Lompoc Police Department

Policy Manual

Military Equipment

709.8.1 COMMUNITY COMMENTS/CONCERNS/QUESTIONS

Members of the public may register their complaints, or concerns or submit questions about the use of each specific type of military-style equipment by submitting a complaint form to the Department. Complaint forms are found on the Department's website and on page 771 of the Department Policy Manual. The Department will respond to all Military-Style equipment complaints, concerns, and questions in a timely manner.

**LOMPOC POLICE DEPARTMENT
AB481 - MILITARY EQUIPMENT**

#	Type	Description	Quantity	Capabilities	Expected lifespan	Manufacturer's description	Purpose and authorized uses	Fiscal impact	Legal and procedural rules	Required training	Compliance mechanisms
1	Unmanned Aerial System (UAS)	DJI Mavic 2 Pro, Serial# 1633J9D001W009, Grey colored Drone, Controller and 3 batteries	1	8 miles, up to 2 hour run time and 31 minute flight time	5-10 yrs.	Designed to give you an all-in-one solution for aerial filming on location.	To provide for the safe observations, security, and search and rescue of agency personnel and citizens in high-risk incidents.	\$1,449 initial cost in August of 2018	Refer to LPD Policy 613 - Unmanned Aerial System Operations	Required FAA training	Operational use under UAS Program Coordinator
2	Unmanned Aerial System (UAS)	Autel EVO II Enterprise, Serial# HA2921431076, orange colored Drone, Smart Controller and 6 batteries	1	8 miles, up to 4 hour run time and 42 minute flight time	5-10 yrs.	The EVO II is a slightly different airframe from the regular EVO II models. The Enterprise model features carbon fiber arms, larger motors and larger propellers	To provide for the safe observations, security, and search and rescue of agency personnel and citizens in high-risk incidents. Also provides a thermal option.	None this item was donated by One 805. (\$12,261.14)	Refer to LPD Policy 613 - Unmanned Aerial System Operations	Required FAA training	Operational use under UAS Program Coordinator
3	BATT Armored vehicle	Black armored 2 wheeled drive vehicle on a Ford F550 frame with white reflective Lompoc Police Department markings, red/blue lights, and siren. Can hold a driver and 11 passengers.	1	Range 100 mi. Armor rated to .50 cal.	10+ years	Four-wheeled, five-speed automatic transmission, diesel engine-powered personnel carrier with ballistic glass and armor rated to .50 caliber	To provide for the safe transport, security, and rescue of agency personnel and citizens in high-risk incidents.	\$200,000 initial cost purchased in 2017 with asset forfeiture funds; \$5,000 annual	LPD policy 706	Agency-authored orientation course; annual refresher.	Operational use under direction of SWAT Commander, appropriate team supervisor, or Watch Commander.
4	AVATAR Robot	Remote controlled double track wheeled robot with a PTZ camera, microphone, speaker, and light. Remote control has the ability to view cameras and communicate through two-way audio.	1	Run 1 hr on a single battery charge and travel up to 50 yards line of sight.	10+ years	Rugged robot capable of navigating various terrains including stairs, sand, grass, etc. Pan Tilt Zoom camera with two-way audio and video recording capability all controlled with a remote from a safe distance.	Safely view an area from a distance without the need of a human to expose themselves to a dangerous situation.	\$27,000 initial cost purchased in 2014 with a grant; No maintenance fee	LPD Policy 408	Yearly instruction by Department Instructor	Operational use under direction of SWAT Commander, appropriate team supervisor, or Watch Commander.
5	Def-Tec Noise Flash Diversionary Device (NFDD)	2 inch steel cylinder containing a small fuse with sets off a bright light and loud sound upon detonation. Model 8902NR	26	Light: 6-8 million Candelas; Sound: 175dB	5 years	Hex design steel body incorporates an M201A1 type fuse to safely deliver an audible and visual stimuli.	To safely deploy a distraction to temporarily disorient a subject in the immediate vicinity, giving tactical teams an advantage during high-risk situations.	\$2,000 initial cost; no maintenance fee	LPD policy 408, 27 CFR 555.22, 27 CFR 555.141, 27 CFR 05, ATF Rul. 2012-4	Yearly qualification by Department instructor.	Operational use under direction of SWAT Commander or appropriate team supervisor.

**LOMPOC POLICE DEPARTMENT
AB481 - MILITARY EQUIPMENT**

6	Def-Tec Noise Flash Diversionary Device Reload	Small fuse which is inserted into the 2 inch steel cylinder in order to reuse and create a Noise Flash Diversionary Device. Model 8901	11	Light: 6-8 million Candelas; Sound: 175dB	5 years	12-gram reload utilizes a M201A1 type fuse to safely deliver an audible and visual stimuli.	To reuse a NFDD steel body without the need of purchasing a whole new body.	\$575 initial cost; no maintenance fee	LPD policy 408, 27 CFR 555.22, 27 CFR 555.141, 27 CFR 555.205, ATF Rul. 2012-4	Yearly qualification by Department instructor.	Operational use under direction of SWAT Commander or appropriate team supervisor.
7	Def-Tec CS Pocket Tactical	Small canister which emits a continuous CS agent into the air when deployed.	32	Burn time: 20-40 seconds; 25.2 grams of CS agent	5 years	A tactical grenade providing a quick burning continuous discharge of CS chemical agent through a port.	Create a distraction using smoke, skin, and breathing irritants to give tactical teams an advantage in high-risk situations or to encourage compliance.	\$625 initial cost; no maintenance fee	LPD policies: 300, 307, 408, 414, and 467	Yearly qualification by Department instructor.	Operational use under direction of SWAT Commander or appropriate team supervisor.
8	Def-Tec CS Speed Heat	Large canister placed in a Burn Safe which emits a continuous CS agent into the air when deployed.	15	Burn time: 20-40 seconds; 81.2 grams of CS agent	5 years	A tactical grenade providing a quick burning continuous discharge of CS chemical agent through 4 ports.	Create an uncomfortable environment using smoke, skin, and breathing irritants to encourage compliance and removal from an area.	\$455 initial cost; no maintenance fee	LPD policies: 300, 307, 408, 414, and 467	Yearly qualification by Department instructor.	Operational use under direction of SWAT Commander or appropriate team supervisor.
9	Def-Tec CS Instantaneous Blast	Canister which emits a one-time instant discharge of CS agent into the air when deployed.	10	Burn time: Instant; 44 grams of CS agent	5 years	A tactical grenade expelling an instant discharge of CS chemical agent through 6 machined grooves on the outside surface.	Create an uncomfortable environment using smoke, skin, and breathing irritants to encourage compliance and removal from an area.	\$860 initial cost; no maintenance fee	LPD policies: 300, 307, 408, 414, and 467	Yearly qualification by Department instructor.	Operational use under direction of SWAT Commander or appropriate team supervisor.
10	Def-Tec CS Flameless Tri-Chamber	Canister burns internally to reduce fire and emits a continuous CS agent in the air when deployed.	10	Burn time: 20-30 seconds; 20 grams of CS agent	5 years	A tactical grenade with 3 internal burning chambers discharging CS chemical agent through 3 ports.	Create an uncomfortable environment using smoke, skin, and breathing irritants to encourage compliance and removal from an area.	\$575 initial cost; no maintenance fee	LPD policies: 300, 307, 408, 414, and 467	Yearly qualification by Department instructor.	Operational use under direction of SWAT Commander or appropriate team supervisor.
11	Def-Tec CS Liquid 40mm Ferret Round	40mm cartridge containing CS agent deployed from a 40mm launcher into a structure.	37	Burn time: Instant; 6 grams CS agent; Max range: 200 yds	5 years	Frangible projectile filled with CS agent designed to penetrate barriers and discharge on impact.	Deployed using a 40mm launcher from a safe distance creates an uncomfortable environment using skin and breathing irritants to encourage compliance and removal from an area.	\$860 initial cost; no maintenance fee	LPD policies: 300, 408, 414, and 307	Yearly qualification by Department instructor.	Operational use under direction of SWAT Commander or appropriate team supervisor.

**LOMPOC POLICE DEPARTMENT
AB481 - MILITARY EQUIPMENT**

12	Def-Tec CS Powder 40mm Ferret Barricade Round	40mm cartridge containing CS agent deployed from a 40mm launcher into a structure.	24	Burn time: Instant; 2.3 grams CS agent; Effective range: 54 yds	5 years	Frangible projectile filled with CS agent designed to penetrate barriers and discharge on impact.	Deployed using a 40mm launcher from a safe distance creates an uncomfortable environment using skin and breathing irritants to encourage compliance and removal from an area.	\$580 initial cost; no maintenance fee	LPD policies: 300, 408, 414, and 307	Yearly qualification by Department instructor.	Use under direction of SWAT Commander or appropriate team supervisor.
13	Def-Tec CS Liquid 40mm Ferret Barricade Round	40mm cartridge containing CS agent deployed from a 40mm launcher into a structure.	29	Burn time: Instant; 6.9 grams CS agent; Effective range: 54 yds	5 years	Frangible projectile filled with CS agent designed to penetrate barriers and discharge on impact.	Deployed using a 40mm launcher from a safe distance creates an uncomfortable environment using skin and breathing irritants to encourage compliance and removal from an area.	\$700 initial cost; no maintenance fee	LPD policies: 300, 408, 414, and 307	Yearly qualification by Department instructor.	Use under direction of SWAT Commander or appropriate team supervisor.
14	Def-Tec CS 40mm Muzzle Blast	40mm cartridge containing CS agent deployed from the end of a 40mm launcher. Model 6042.	5	Burn time: Instant; 12.3 grams CS agent; Max range: 10 yds	5 years	Aluminum shell and smokeless powder propels CS agent into the immediate area of the launcher.	Deployed using a 40mm launcher for an instantaneous emission of a skin and breathing irritant as a means of crowd management, room clearing, or area denial.	\$240 initial cost; no maintenance fee	LPD policies: 300, 307, 408, 414, and 467	Yearly qualification by Department instructor.	Use under direction of SWAT Commander, appropriate team supervisor, or Watch Commander
15	Def-Tec 40mm Stinger Rubber Ball	40mm cartridge containing small rubber balls shot from a 40mm launcher. Model 6097.	5	Range: 15 - 50 feet	5 years	Aluminum shell and smokeless powder propels eighteen (18) 60-caliber rubberballs at one time.	Deployed using a 40mm launcher for pain compliance and crowd control.	\$260 initial cost; no maintenance fee.	LPD policies: 300, 307, 408, 414, and 467	Yearly qualification by Department instructor.	Use under direction of SWAT Commander, appropriate team supervisor, or Watch Commander

26	40mm kinetic energy projectiles	40mm, foam-tipped kinetic energy fired from an agency-authorized 40mm launcher.	130	Operartional range 5 ft - 131 ft.	5 yrs.	The eXact iMpacT™ 40 mm Sponge Round is a point-of-aim, point-of-impact direct-fire round. This lightweight, high-speed projectile consisting of a plastic body and sponge nose that is spin stabilized via the incorporated rifling collar and the 40 mm launcher's rifled barrel. Used for Crowd Control, Patrol, and Tactical Applications.	To provide officers with a less lethal option and compel an individual to cease his/her actions when such munitions present a reasonable option. A verbal warning of the intended use of the device should precede its application.	\$2650 initial purchase for 100 projectiles (\$26.50 ea)	LPD Policies - 300, 307.10, 307.10.1, 307.10.2, 307.10.3.	Initial orientation course including qualification; annual recertificaiton including qualifcaiton.	Operational use under the supervision of on-duty Watch Commander or responsible supervisor.
27	40mm kinetic energy / less lethal launchers	Tactical single shot launching system capable of launching 40mm less lethal munitions in tactical situations.	11	Capable of delivering less lethal kinetic energy and tear gas munitions at a variety of distances depending on the type of munition.	10-15 yrs.	Manufactured exclusively for Defense Technology®, the 40LMTS is a tactical single shot launcher that features an expandable ROGERS Super Stoc and an adjustable Integrated Front Grip (IFG) with light rail. The 40LMTS will fire standard 40mm less lethal ammunition, up to 4.8 inches in cartridge length.	To provide officers with a less lethal option and compel an individual to cease his/her actions when such munitions present a reasonable option. A verbal warning of the intended use of the device should precede its application.	Approx. \$985.00 initial cost each; \$25-\$50 reoccurring cost for maintenance as needed per budget cycle.	LPD Policies - 300, 307.10, 307.10.1, 307.10.2, 307.10.3.	Initial orientation course including qualification; annual recertificaiton including qualifcaiton.	Operational use under the supervision of on-duty Watch Commander or responsible supervisor.

**LOMPOC POLICE DEPARTMENT
