CAREER EXPERIENCE

Owner – BBES

Present

Manage and control all financial and business development activities of a multi-faceted holding company. This includes, commercial real estate development, commercial rentals, multiple small businesses which include Music, media, and retail services.

CMO/ CFO – Elements

2015

Responsible for all business development and financial operations for a Software Services Corporation focused on multi-platform SEO software platform. This platform was designed, built and sold to thousands of franchise businesses. Exited through sales of company to a publically traded corporation.

WEST COAST DIRECTOR - Frontier Technology Inc.

2010

Managed and controlled all activities in the Western Region of the US. This includes a diverse business development contract base of both commercial and DoD customers. Experience includes complex network integration, high level modeling and simulation, software development in both commercial and DoD customer base and development, execution and distribution of new products. Responsible for overall development of corporate infrastructure, including accounting, Human Resources, and Intra / Internet Systems.

IT DIVISION DIRECTOR / PROGRAM MANAGER - bd Systems

1996

Established and managed IT Division of over 180 employees with annual revenue base exceeding \$12M. Projects spanned from NASA JPL programming activities through Los Angeles Metropolitan Transportation Authority MIS outsourcing. Additional competitive contracts won included development of AF Titan system S/W, Vandenberg AFB range facility activation and MIS outsourcing, South Coast Air Quality district Financial Systems redesign and Orange County CA Windows migration and training contracts and active commercial outsourcing contracts with larger manufacturing, mining, and government agencies.

Successfully proposed and won and executed 6 separate contracts for DoD and Commercial customers. These included Launch Facility Modification, Computer systems, Schedule Analysis, and general administrative support such as Budgets and Finance.

INFORMATION SYSTEMS DIRECTOR - Lockheed Corp.

1991

Responsible for implementation and maintenance of all Titan / Centaur Launch Complex Management Information Systems (Engineering, Business, Logistics, and Scheduling). Includes the design, implementation, and monthly maintenance of a program cost control system which achieved C/SCSC tri-service certification in under 6 months. Responsible to integrate, produce and maintain the TCLC Program Scheduling with significant subcontract integration. Designed and implemented interactive communication system including state-of-art E-mail applications and automated cost and schedule integration.

ENGINEERING DIRECTOR - Lockheed, Martin Marietta, Certainteed, Boeing.

1989

Responsible for management planning for major proposal development, including entire project schedule, establishing Engineering Control systems, Business Operations Systems, Configuration Control Systems, and general office automation. This effort culminated in a \$300 million contract award.

Managed installation and checkout of multi use facilities including Orbiter Facilities and Systems (GN₂, hydraulics, helium, Cryogenics, HVAC, Electric Power and Controls). These projects included systems installation, initial buy-off, end to end testing, and final interface verification. This activity required direct supervision of 50 engineers and technicians in a daily construction environment.
