**URBAN FORESTRY DIVISION
TREE REQUEST FORM**

Thank you for the interest in contributing to Lompoc's urban forest. Property owners are encouraged to request City or private trees (up to two). All City trees must be planted in the City's right-of-way. Private trees(s) may be requested only if the lack of space in the right-of-way or a utility conflict prevents the planting of a City tree. The property owner is responsible for planting and maintaining private trees delivered by City of Lompoc Staff.

The City can assist in your selection or you may select from the list of recommended tree species on the City's website. The City may deny a tree species if the location is deemed not suitable. All tree requests must be made by the property owner and approved by the Urban Forestry Supervisor. Please call (805) 875-8034 if you have any questions.
