Madam Mayor and members of the City Council,

I am submitting this email in support of Councilwoman Gilda Cordova. As a resident of this city and in Councilwoman Cordova's District, I support her. I voted for her, I supported her campaign, I trust her. Councilwoman Cordova, as a born and bred Lompocian, lives for this city. She has, from the very start, wanted nothing but the best for each of us. She has brought business here, she has bridged gaps, she has employed many, she has supported people at their darkest hours. To smear her in the manner that some are trying to do is a tragedy and uncalled for. Imagine a world where as much energy went into supporting others rather than trying to break them down with lies. Shame on you, shame on your tactics, just shame on you. While I believe everyone should be held accountable and that our council is not above the law, Cordova has broken no laws, broken no trust, and done nothing wrong. I choose to support goodness, and for that, I will remain true to supporting Gilda Cordova, Councilwoman for the City of Lompoc.
