**SUBJECT:** Approve Contract for Transit System Operation Services with RATP Dev USA, Inc.

---

### **Recommendation:**

Staff recommends the City Council approve the revised contract for Transit Systems Operation Services with RATP Dev USA, Inc., and authorize the City Manager to execute it (attached).

### **Discussion:**

The City Council approved the City's current transit system operation contract for the term of July 1, 2023, through June 30, 2025, and awarded it to RATP Dev USA, Inc. (RATP) on June 20, 2023. However, that contract was not signed. RATP secured a new attorney who proposed changes to the approved contract. The changes to the contract were minor and do not change the cost of services or performance factors. The revised contract has been reviewed by both RATP's attorney and the City Attorney. The contract has been signed by RATP, and is now ready for City Council approval and City signatures.

### **Fiscal Impact:**

Staff anticipates no fiscal impact as a result of approving the revised contract because it does not change the primary payment or performance terms. All contract costs will be paid from City transit funds and no general fund revenue will be used.

**Conclusion:**

The revised contract with RATP includes language preferred by RATP and acceptable to City staff and does not change the cost of services or the standards by which services are performed.

Respectfully submitted,
