"Definite Changes - Infinite Possibilities"

Lompoc City Council
100 Civic Center Plaza
Lompoc, CA 93436

Dear Council Members,

At the last meeting of the Lompoc Airport Commission, the Commission voted to recommend to the City Council that the Commission continue to meet at the Airport as it has for the last 18 years. The Commissioners cited such things as the small size of our normal meeting attendance (7 to 10 people), including Commissioners, the waste of meeting at City Hall, (energy and security concerns) and the fact that if we needed to meet in a larger facility for an agenda item that may attract a larger attendance we could make arrangements for the Council Chambers as needed.

We would appreciate your acceptance of our recommendation.

Sincerely

Jeff Palmer, Airport Commission Chairperson
