Signature of Applicant *Darrell W. Tullis* Dated 3 Jan 2019

**FOR USE BY CITY CLERK’S DEPARTMENT:** (Date Stamp)

Application Received by: *Shannon* JAN 3 2019

**Applicant Question No. 1 - What will you bring to the dais that you feel is currently missing?**

Not necessarily missing, but I believe I can enhance the  
the council because of the various positions I have held  
during my adult life. I will bring a point of view that  
includes and considers the benefits for all. From being  
a former member of Mexican American Political Asso. (MAPA),  
a Varsity Basketball Coach at Lompoc High School,  
Community Action Commision, Parks and Rec Commisioner,  
Regional Director of the Electronic Monitoring Program for  
SLO and Santa Barbara County, Lead Counselor for DUI Program  
at Central Coast Headway, and as a minister, I have performed  
baptisms, weddings, and funerals for many families within our  
community. I have given briefings on networking and the  
importance of being connected to many different resources.  
I call the rich and not so rich, friends. The young and the  
old as well. I make it a point in my life to communicate  
with people from all walks of life, different races, genders,  
religions, as well as those who choose no religion at all.  
I traveled the world as a member of the U.S. Air Force for  
21 years and all of these experiences combined, allows me to  
bring a total community considered opinion/point of view  
to the dais.

**Applicant Question No. 2 - Are there any conflicts of interest that the public should be made aware  
of at this time?**

No.

**Applicant Question No. 3 – What is your experience working with, or for, a government body? (explain how it works differently than a business or non-profit.)**

As stated previously, I served 21 years in the United States Air Force. After retiring from the Air Force, I work for a government contractor (InDyne, Inc.) on VAFB for 11 1/2 years. I have also worked for and am currently employed by a non-profit. The USAF has as its funding base, the tax payers of the U.S. and the goal is to produce a product that is battle ready at all times without going beyond an allotted fiscal budget. A non-profit's goal is to stay within the budget, but the funding source is through grants and matching funds from business and possibly local government. The non-profit and the government are similar in that no one is the actual owner. For the government, has to answer to the taxpayer, whereas the non-profit answers to those who benefit from the non-profit. Finally, a for profit business has to answer to it's shareholders and has a goal of making money for those shareholders.

**Applicant Question No. 4 – Explain in detail your experience in analyzing a budget (size, frequency, your role, etc).**

While in the Air Force I served as an Operations Resource Manager for 14 years and a Radar Technician for the other 7 years. As a Radar Technician I was sent to Tool Distribution Management School where I was trained to manage a \$350,000.00 tools and equipment account. On a basis I was responsible for the distribution, upkeep, and replacement of missing and/or worn tools. Analyzing was done on a needs base or shelf life requirement. As an Operations Resource Manager, I was responsible for multi million dollar budgets for F4-E/G, AWACS, and JSTARS aircraft systems and flight pay for the crews that flew the aircraft and operated the systems on the aircraft. Analyzing included but was not to, ensuring all preflight requirements were met by all crew-member regardless of Rank and/or time in service (we could not allow power or status to intimidate us, if a Colonel had to be grounded for non-compliance, he/she had to be grounded) We had to ensure monthly flight pay requirements were met: number/types of missions flown, full stop, touch and goes, low approach, hours flown, life support, egress training..etc Number of hrs each aircraft flew before specific maintenance was performed. Daily, monthly and annual reports required.

**Additional Information – Explain the reason(s) you desire to be appointed. Describe your relevant education, experience, training, volunteer activities, community organization membership, or personal interests that you think are relevant to this position. Resume/Bio may be attached. Please limit answers to no more than the lined area below.**

I believe I would bring a unique perspective to the Lompoc  
City Council. My education is from the School of Education  
at Mercer University with a focus on Human Services where I  
completed a Bachelor of Science Degree with a Minor in  
Psychology. When the military sent me to Haiti, during my  
free time I volunteered with Civil Engineering digging wells,  
Building churches and schools. With our Hospital Triage Unit  
assisted on amputations, cleaned and dressed wounds and  
comforted as many as could be comforted. With the Chaplain  
I visited orphanages to take clothing and distribute food and  
water. Here in Lompoc, I served as a Parks and Recreation  
Commissioner for 3 1/2 years for Mayor DeWeese, on the  
Community Action Committee, Parent and Student Advisory  
Council for Lompoc High School, Key in starting and coaching  
Rx4 City Track Club for 3 years, Helped The United Way get  
Stuff the Bus started here and in Santa Maria. I am a member  
of VFW 570, a non-active member of the Lompoc Valley Club and  
the Santa Maria/Lompoc NAACP. Finally, my desire comes from  
a life long commitment to serve my fellow man and a desire  
to afford as many who will make their desires known, an  
opportunity to achieve the goals they set for themselves.
